

# MOHD FAIZ KHAN

Software Engineer | Python/Django | Full-Stack Developer

Dubai, UAE (Baniyas Square) | +971 589739225 | [faizkhanofficial32@gmail.com](mailto:faizkhanofficial32@gmail.com) | [LinkedIn](#) | [GitHub](#)

---

## PROFESSIONAL SUMMARY

Dedicated Web Developer delivering high-quality full stack solutions using Python, Django, JavaScript, HTML, CSS, REST APIs, and automation, while gathering requirements to exceed client specifications. Manages end-to-end SDLC of scalable web portals, implementing robust SQL schemas and user-friendly layouts, while ensuring seamless project status communication and troubleshooting to provide a competitive edge.

**Availability:** Immediate joiner – Ready to start from day one

---

## SKILLS

Web Programming: Python, JavaScript, HTML, CSS.

Web Frameworks: Django, Django Channels, Bootstrap.

Backend & APIs: REST APIs, WebSocket, Stripe, CAB.

Databases: SQL Server, PostgreSQL, SQLite, MongoDB.

SDLC/Automation: Selenium, Soup, Drission, Troubleshooting.

Tools: Git, AWS Lambda, Project Management, ERP.

---

## PROFESSIONAL EXPERIENCE

### **SOFTWARE ENGINEER | RAFTAL TECHNOLOGIES, LUCKNOW – JUNE 2025 – DECEMBER 2025**

- Code and maintain web solutions via Django and JavaScript per client requirements, optimizing site layout and UI for high performance and user engagement.
- Design robust desktop applications with Python for enterprise clients using SDLC principles.
- Manage project needs and developer teams via code reviews and guidance to ensure quality and team productivity.

### **ASSISTANT SOFTWARE ENGINEER | RAFTAL TECHNOLOGIES, LUCKNOW – JULY 2024 – JUNE 2025**

- Developed scalable web portals with user-friendly design, boosting UI responsiveness by 35% and backend performance.
- Streamlined workflows using Python and Selenium to reduce manual effort by 40% while ensuring daily solution maintenance.
- Participated in CAB meetings and Agile sprints to deliver features aligned with business objectives.

### **JUNIOR DEVELOPER INTERN | RAFTAL TECHNOLOGIES, LUCKNOW – JANUARY 2024 – JULY 2024**

- Developed backend services using Python and Django; built responsive front-end components with HTML/CSS
  - Created web automation scripts using Selenium for testing and data extraction, improving QA cycle time
- 

## PROJECTS

### **E-Commerce Platform with Real-Time Chat | Django, Django Channels, WebSocket, PostgreSQL**

- Built full-stack e-commerce platform with real-time chat, product management, admin controls, and secure payment processing.
- Implemented responsive UI, improving checkout completion rate and mobile user engagement.

### **Multi-Marketplace Product Aggregator | Django, AWS Lambda, Stripe, REST APIs**

- Aggregated products from Amazon, eBay, and Craigslist with intelligent filtering and smart search functionality.
- Implemented Stripe subscription system with user dashboards, analytics, and admin controls for recurring revenue tracking.

### **Visitor Analytics & Tracking System | Django, JavaScript, PostgreSQL**

- Developed visitor tracking and clickstream analytics modules.
  - Delivered interactive visualizations for data-driven decision-making.
- 

**Master of Computer Applications (MCA)** | Khwaja Moinuddin Chishti Language University, Lucknow – Aug 2024

**Bachelor of Computer Applications (BCA)** | Khwaja Moinuddin Chishti Language University, Lucknow – Aug 2022
