Databases: PostgreSQL, Supabase, SQLite, MongoDB.
Automation & Scraping: Selenium, Beautiful Soup, Drission Page.
Tools: Git, AWS Lambda, Version Control Workflows.

PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER | RAFTAL TECHNOLOGIES, LUCKNOW – JUNE 2025 – DECEMBER 2025

- Maintain full-stack features on live production platforms using JavaScript and Django, improving system performance, stability, and delivery capacity.
- Build cross platform desktop applications using Python and Git for mission-critical operation.
- Lead peer code reviews and technical knowledge transfer sessions to improve team growth and business outcomes.

ASSISTANT SOFTWARE ENGINEER | RAFTAL TECHNOLOGIES, LUCKNOW – JULY 2024 – JUNE 2025

- Managed scalable web codebases, improving UI responsiveness by 35% and optimizing backend performance for production.
- Automated internal workflows with Python/Selenium, reducing manual effort by 40% and enhancing overall business efficiency.
- Collaborated in Agile sprints to deliver features aligned with mission-critical business goals.

JUNIOR DEVELOPER INTERN | RAFTAL TECHNOLOGIES, LUCKNOW – JANUARY 2024 – JULY 2024

- Developed backend services using Python and Django; built responsive front-end components with HTML/CSS
- Created web automation scripts using Selenium for testing and data extraction, improving QA cycle time

PROJECTS

E-Commerce Platform with Real-Time Chat | Django, Django Channels, WebSocket, PostgreSQL

- Built full-stack e-commerce platform with real-time chat, product management, admin controls, and secure payment processing.
- Implemented responsive UI, improving checkout completion rate and mobile user engagement.

Multi-Marketplace Product Aggregator | Django, AWS Lambda, Stripe, REST APIs

- Aggregated products from Amazon, eBay, and Craigslist with intelligent filtering and smart search functionality.
- Implemented Stripe subscription system with user dashboards, analytics, and admin controls for recurring revenue tracking.

Visitor Analytics & Tracking System | Django, JavaScript, PostgreSQL

- Developed visitor tracking and clickstream analytics modules.
- Delivered interactive visualizations for data-driven decision-making.

Master of Computer Applications (MCA) | Khwaja Moinuddin Chishti Language University, Lucknow – Aug 2024

Bachelor of Computer Applications (BCA) | Khwaja Moinuddin Chishti Language University, Lucknow – Aug 2022
